SAVE BIG! NEW LED PL LAMPS

Green Inova's new LED PL Lamps are designed to replace less-efficient compact fluorescent lamps (CFLs) with easy installation. With G24D, G24Q, GX24Q, G23, GX23, E26 and GU24 base option.

Constructed with a lamp holder that rotates 270 degrees, the LED PL Lamps feature a simple ballast bypass to ensure maintenance-free, energy-saving operation and higher performance. The damp-listed lamps offer instant-on capabilities and are backed by a limited five-year warranty.

It can easily retrofit a variety of commercial fixtures, including recessed cans, sconces, and ceiling fixtures commonly used to light retail stores, hotels and apartment buildings.

Features:

- Universal voltage: 120-277Vac
- Output ranges from 560 – 1,270 lumens
- Color Rendering Index (CRI)
- 50,000 hour life
- High power factor: ≥ 0.91
- Rotatable 270° in horizontal mount version
- Electronic ballasts bypass
- Magnetic ballasts bypass
- Non dimmable
- Not suitable for totally enclosed luminaires
- 5-year limited warranty

Can be rotated 270° to fit any socket configuration. After installation simply rotate the Lamp to achieve maximum light output.
