

LED BULLET FLOOD

**DLC LISTED**  
Model# 4BF12L30B1DW  
**UL/cUL (E352762)**

**12W 1,236LM**

**30W 3,193LM**

### LED BULLET FLOOD

Green Inova released the LED Bullet Flood which delivers exceptional illumination performance by using Latest Nichia Technology, the efficacy up to 117lm/W.

Compared to traditional Metal Halides, energy savings over 80% can be achieved!

The floods can be surface mounted directly to electrical boxes or posts with a 1/2" threaded bushing. Available with different flood optics making it ideal for many commercial and residential outdoor applications such lighting of landscapes, building details and flag poles.

They are rated for a long 100,000-hour lifespan and are backed by Green Inova's 5-year limited warranty.

### Features:

- DLC qualified for rebates (#4BF12L30B1DW)
- UL 1598 list for wet locations
- High output Nichia LEDs deliver over 110 lm/W
- Reduces energy consumption over 85%
- Bronze, Black and White finish color options
- Sealed with high grade
- Quality tempered glass lens
- Environmentally friendly powder coatings
- Excellent thermal management ensures long life
- Surface mounting to j-box or with 1/2" threaded bushing
- 100,000-hour LED lifespan, 5-year limited warranty

\*Shroud sold separately.

**DIMMING**  
0-10V
